

Thales Mendes de Medeiros

Product Designer with 5+ years of experience utilizing research, strategy, and deep empathy to understand user behaviors within complex service ecosystems.

Having designed digital experiences for global leaders like Google, Dell, and Scotiabank, handling everything from UX research to scalable design systems. I specialize in bridging the gap between user needs and business strategy. I thrive in fast-paced, cross-functional environments, partnering closely with PMs, developers, and executive stakeholders to deliver cohesive, metrics-driven experiences.

EXPERIENCE

Freelance | Product Designer

01/2025 — PRESENT

- Led end-to-end design across multiple client engagements, delivering user flows, wireframes, and high-fidelity prototypes for web and mobile.
- Redesigned the MVP for Kindr (Calgary-based startup), improving visual and UX consistency across the product within a short-term contract.
- Mentored junior designers and maintained Design System components to ensure cross-team consistency.

Onze | Product Designer

11/2021 — 04/2024

- Optimized user experience by incorporating user insights, business requirements and limitations, increasing the final signup by over 32%.
- Tailored user journeys to meet the specific needs of partners like Dell, Scotia Bank, Google, and Amazon.
- Created and maintained Design System components to ensure cross-team consistency for mobile and web.
- Developed interactive prototypes for five prospects, which received positive feedback and led to five new clients.

Openbox | Designer

11/2020 — 11/2021

- Designed and executed a comprehensive visual branding strategy that led to a 25% increase in follower count across all social media platforms after one year.
- Started my transition to Product Design by assisting the team in developing a new product through wireframes and prototypes.

PROJECTS

Onze | Product Designer

11/2022 — 02/2023

- Onze added multiple investment funds. I worked with 5 designers and engineers to redesign all user flows for a scalable experience, leading to higher adoption by clients like Scotia Bank, TIM, and Lindt.
